

## Corporate Team Building / Fun days

Thanks for your interest in our corporate Team Building Sessions. These sessions are designed to enhance relationships, improve employee co-operation and moral and reduce stress. The games are very unique and make for a fun interactive session.

### Fun Boost – Team Events

- We will divide the players into equal teams. We suggest teams of approx 8 -10 players. You should advise us of the mix up of the teams. ie mix sales dept with distribution dept etc.
- Each team should have a different colour shirt. We suggest the number 1 printed on one side and your corporate message on the other.
- The object is for each team to score as many points as possible on each piece of equipment before the time expires. Each round lasts approx 8 minutes.
- All games require one team to play against another. Once the booking and player numbers is confirmed we will work on the draw for your approval.
- The entire session last approx 2 hours including warm-up, player briefing and refreshment breaks.

## **Sydney GPS Challenge**

Corporate GPS challenge - 2 day event

This could be the ultimate team challenge your staff has ever undertaken.

We divide your staff members into teams of 4 people, each team is given a hand held GPS ( Global positioning satellite ) device.

The teams are given GPS coordinates to the first clue location somewhere in Sydney.

From here the adventure begins. The teams must work through the clues and use their GPS to arrive at the next clue destination.

This can be a two day event, with the teams arriving at a location in Sydney for an overnight stay.

Company Play dollars are awarded for the first team to arrive at each destination, there are plenty of twists and turns along the way.

Which team will get the luxury overnight accommodation and which teams will be sleeping in tents?

The challenge can include;

Kayaking

Ferry trips

Bus rides

Helicopter rides

Camping overnight

Team challenges after dinner

Each team member must bring a backpack on the adventure with Hat, Runners, Sunscreen, towel, swimmers, water, food snacks, change of clothes, toiletries, spray jacket, warm jacket, camera and mobile phone.

There will be a Team Planet staff member at each location along the way to assist each team.

The entire course will be approved prior to the day by your company representative and full risk assessment is provided for your peace of mind.

The GPS challenge is also available as a one day event containing many of the above components but without the overnight stay.

## Game Show Mania

Just like TV. Get ready for some fast paced action as the host fires questions to the players standing behind their game show podiums.

The podiums have individual player scoring, lock out circuitry and individual player microphones and flashing lights. We have heaps of questions and can include company questions to really see who's up on the company and product knowledge. This is a great stand alone concept or include Game Show Mania as part of a lunch or dinner program.
