

Planet Entertainment Fete's and Festivals Packages

**Thanks for your interest in our Fete and Festival Packages.
Some helpful hints to a successful event.**

Know your market

Make sure you get the right mix entertainment, attractions and food options for your target market. Have you got the right attractions for the target age group.

Check your pricing, can you charge a little bit more or is your market very price sensitive? If the event is a fundraiser you will want to maximize your financial result whilst giving the patrons a great experience and building relationships with your suppliers.

Do something different

What can you do this year to make your event a bigger success than last year?

Make it interesting! What do you have this year that will set you apart from the other fetes and festivals in your area? Whilst your previous supplier may have provided good service and do a good job, is it time to add more variety and engage other suppliers?

Celebrities

Ask around your community, your sure to find someone that knows a celebrity who can attend your event. They may be sports stars, TV personalities or have a high profile.

Celebrities attract a crowd.

Get media coverage

You may be able to get a radio station to attend with their mobile promotional vehicle and plug your event on air. Get the local paper to become a sponsor and provide free editorial and advertising.

Ticket Sales

Sell wristbands In advance of the day. The wristbands give the purchaser unlimited access to all the rides for the duration of the event.

Have the bands sold at school assembly or in class 4-6 weeks from your fete day. This will ensure you have the sales made and free up more money for the patrons to spend on the day on other items including food and stalls.

Amusement and ride packages
